MCA and Local 32 sponsored – Reps from both Organizations spoke briefly and thanked everyone

Installation of Officers – Jed Scheuermann

Steve Hart – Chairman

Howard Ferguson – Vice Chair

Eric Gilbreath – Treasurer

Brad Moore – Secretary

Monthly Presentation – Pete Munoz

Senior Engineer at Biohabits Inc Spoke about water reuse

They promote sustainable alternate water reuse systems

These systems are becoming more prevalent

Developing onsite treatment systems

Spoke about the water waste in this country and around the world

Spoke about water is a human right, the rich have it the poor have inadequate access to it around the world

It should be valued more, its relatively cheap

A Lot of potable water is wasted on things that don't necessarily need potable water, Irrigation etc.

Water policies around the country and world need to be updates

Relationships with inspectors, designers and installers need to be established so everyone understands the process

Water use has been reduced thru water saving fixtures, now its time to do more with water reuse

Old Business – none

New business – none

Drawing – code books, gift card, cash

Meeting adjourned 7:47pm

Respectively Submitted

Brad Moore

Chapter secretary
